

## Red & White Services Fleet List 1930-1975

### 1. Single Deck Buses

#### 1.34 1967-72 Bristol RESL

A short wheelbase (16ft 2in) version of the Bristol RE was introduced in 1967 having an overall length of 33ft. The stage carriage variant was known as the RESL (Short Low frame). Twenty one RESL6Ls with Leyland 6-cylinder O.600 engine and E.C.W. B46F bodies were purchased by Red & White in 1967 and allocated to Aberdare depot where most spent all their working lives. Ten more RESL6Ls were delivered in 1971-72, this time with E.C.W. B47F bus bodies, slightly increased wheelbase and the modified RE front end with deeper double curvature windscreen. All later received NBC red bus livery with white waistband.
