

## Newbury & District Motor Services Fleet List 1944 - 1951

Newbury & District Motor Services was acquired by Red & White United Transport on 1<sup>st</sup> January 1944 together with 64 vehicles having fleet numbers in the range 10 to 98. After the sale of the Red & White group to the state, control of Newbury & District passed to Thames Valley on 1<sup>st</sup> May 1950 together with vehicles marked \* in the "Out" column. The "Out" dates for these and later additions are disposal dates from Thames Valley. The Venture Guy Arabs 173-178 were transferred in 1951 when N & D was under Thames Valley control after which a number of Thames Valley vehicles were also drafted in and given N & D fleet numbers. In 1952 the Newbury & District fleet name ceased to exist and the vehicles were rebranded as Thames Valley.
